

BECOME MORE CASE STUDY

The Challenge

Organizations want a proven method to create sustainable change. Many are familiar with the Lean Six Sigma and know there are lots of options for learning this problem-solving and improvement methodology.

The Approach

The learn by doing method through BecomeMore and The DMAIC Way® enables individuals to apply the learning and tangible results. BecomeMore's approach is less rigid and encourages people to learn in their way.

The Results

~\$15,000

Average belt project saves an organization

BecomeMore has brought

>\$250 million

of savings to organizations

~3,000

Yellow, Green, and Black Belts since 2015

What Our Clients are Saying About BecomeMore & The DMAIC Way®

“BecomeMore really got to know us. Because of that, they were able to tailor the training content to our organization, which benefited us greatly. The results were far better than (other DMAIC trainings).”

EMR Coordinator at a Healthcare Organization

“BecomeMore has really helped us to develop everyday problem solvers. We've had in excess of \$1 Million in cost avoidance year after year.”

Senior Director, Continuous Improvement at a Financial Solutions firm

“The Green Belt training through BecomeMore provided me with the knowledge and tools to lead organization-wide process improvement projects that I continue to use more than 5 years later.”

Director of Health Information at a Health Care Organization

“We partnered with BecomeMore for Yellow, Green, and Black Belt training. The training is excellent and we will continue working with them.”
